

## Unattended Adults in Children's Room

Adults may visit the Children's Room only when accompanied by children using those departments or retrieving materials for research or check out.

Unaccompanied adults who are retrieving materials for research or check out may not remain in the Teen Room or Children's Room to review the materials, but instead should take them to the adult section of the library to review.

Unaccompanied adults may be asked by library staff to use the facilities, services, and equipment in the adult section of the library.

This policy reflects the library's concern for the safety of children in the library.
